

Just breathe

Spreadin' by Servin'Spirit

Hey, watch the sea. Watch the waves set you free.
Hey, can you see: What is meant to be, shall be.
Hey, just breathe. Slowly exhale, you release.

When I feel all alone. When I fear that there`s no home.
I remember where we have been. I remember what we have seen.

Hey, hear the sea. Hear the waves set you free.
Hey, can you see: What is meant to be, shall be.
Hey, just breathe. Slowly exhale, you release.

When I feel all alone. When I fear that there`s no home.
I remember where we have been. I remember what we have seen.

Hey, feel the sea. Feel the waves set you free.
Hey, can you see: What is meant to be, shall be.
Hey, just breathe. Slowly exhale, you release.
