

The Path

Spreadin' by Servin'Spirit

What have you been waiting for, my friend?
Some permission, confirming your stand?
Though as known from ever since:
Never there is more, but that subtle glimpse.
Inside your soul, you feel the call.
And that`s all that matters, for one and for all.
Will you succeed? That`s not up to you.
Just do what you love, and love what you do.
Play like a child, nothing to expect.
Let you go wild, take time to reflect.
If all is uncertain, still one thing is sure.
Living the moment is the path and the cure.
