

# Let's start livin'

**Spreadin'** by Servin'Spirit

Holy earth, how do you feel?  
Holy earth, how do you feel?  
In your light, you hold my life.  
In my dying, you hold me tight.

Holy earth, how can it be?  
Holy earth, how can it be?  
You`re still giving, though we deny  
so much hurting, I hear your cry.

As long we feel you`re touch,  
as long we feel you`re pain.  
You`re loving us so much,  
for shure there is a way.  
Let`s start living, don`t be afraid.  
Let`s start giving, it`s not too late.

Holy earth, what does it mean?  
Holy earth, what does it mean?  
You hold us living in day and night.  
We could choose freedom, we choose to fight.

As long we feel you`re touch,  
as long we feel you`re pain.  
You`re loving us so much,  
for shure there is a way.  
Let`s start living, don`t be afraid.  
Let`s start giving, it`s not too late.

As long we feel you`re touch,  
as long we feel you`re pain.  
You`re loving us so much,  
for shure there is a way.  
Let`s start living, don`t be afraid.  
Let`s start giving, it`s not too late.

Holy earth, how do you feel?  
Holy earth, how do you feel?  
In your light, you hold my life.  
In my dying, you hold me tight.
